

SD Electrical Contractor Pvt. Ltd.

SDE was incorporated in the year 2011 & has a turnover of 4 CR. SDE makes and supplies the complete range of Erection Hardware for application in Electrical and Instrumentation systems. This range essentially includes Cable Terminals & Lugs, Copper Tubes & Fittings, S.S. Tube & Fitting, and Valves. SDE is engaged in making high-performance products and providing services to a wide range of businesses under the motivating leadership of Mr. Dattatray Gaware (Founder & Director) & Mr. Laxman Shelge (Founder & Director). SDE manufacturing unit is operating a top of the line production machinery, automated with high technology to ensure quality and maintain speed with delicacy.

Quality at SDE is uncompromised; the factory is working as per ISO 9001: 2008 Quality Management System, with care for the safety of its workers and clients as well as the welfare of its society by acknowledging the environmental key issues, trying to maintain a pollution-free production facility.

OUR SERVICES

- Cable Tray manufacturing
- Electrical & instrumentation material supply
- Turnkey Electrical Instrumentation Projects
- HT ,LT Line Work approved by Government License
- Panel Manufacturing (MS / SS)
- PLC / Drive Based Control panel
- MCC Panels
- Control Desk
- CE approved panels
- Manufacturing of Cable Tray
- Fabrication and Installation of Various Plant like Breweries, Dairy, Beverages', Cold Storages, Food Companies, Sugar Plant, Distilleries.
- Turnkey Projects, Trouble Shooting, Design and Commissioning of Refrigeration Plants
- Trading of Electrical and Instrumentation, Fire Fighting Material, Piping etc.
- MS, Hot dip galvanized, powder coated, painted etc.

PRODUCT BROCHURE

This catalogue is designed to be helpful to engineers, contractors and companies in the selection of cable tray products for various industries. If you need a customized product, SDE Team is ready to furnish design consultation to deliver the required product. This catalogue also highlights various services SDE offers and a list of clients as well with whom we have worked so far.

MAJOR PROJECTS

- Total Distillation plant with Electrical and Instrumentation Work for **Mojj Engineering System P. LTD.**
- Total Distillation plant with Electrical and Instrumentation Work for **KBK – Chem Engineering P. LTD.**
- Batch Pan And Refinery Automation Electrical work for **Shree Renuka Sugars.**
- Reactor & Fermenter System Electrical, Instrumentation work for **Biocon Bangalore**
- Turnkey Project Dairy Expansion 20000 to 100000 LPD for **Shukla Dairy** Sachin, Surat (Gujrat)
- Oil Plant For Alfa Laval at **Adani Villmar** Mundra, Gujarat
- De-super heater of power Saving for chilling center of **Reliance.**

PRODUCTS RANGE (CABLE TRAY)

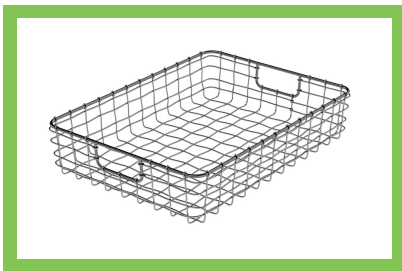

PLC Control Panels

The PLC Panel (Programmable Logic Control Panel) has wide applications in industrial automation process, different processing units, electronic products manufacturing organizations and automobile sector. The processor fitted into the panel structure is connected through wires with reed switches, push buttons and proximity detectors to its input cards.

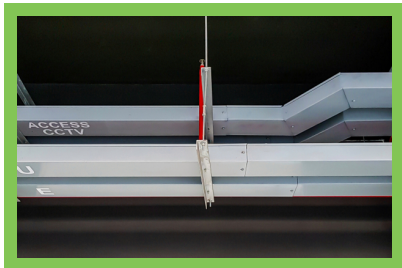

Perforated Cable Tray (Cable Trays)

A prefabricated metal structure consisting of a bottom with openings within the cable bearing surface. Solid bottom Cable Trays completely eliminate cable sagging and offer maximum protection for the cables.

Wire Mesh (Basket Tray)

Is ideally suitable for light - to medium-duty commercial and industrial applications where space is at a premium. UNITECH QATAR wire Basket Trays have a fast connection profile for installations requiring long runs of straight Cable Trays lengths. Applications : Network cabling, wiring closets, fiberto-desktop applications and can often be used in suspended

Solid (Cable Trunking)

A prefabricated metal structure consisting of a one-piece solid bottom channel section not exceeding 6”(150mm) in width .
